Abid Ali Awan

DATA ANALYST

Education

STAFFORDSHIRE UNIVERSITY, 2017
Graduated with Distinction
MSc in Technology Management

BE TELECOMMUNICATION, 2014
Computer Networks
COMSATS Institute of Information Technology

Experience Work

DATA SCIENTIST

2021 /Present - PITC-PEC

Redesigned data of engineers that were mostly scattered and unavailable. Designed dashboard and data analysis report to help higher management make better decisions. Accessibility of key information has created a new culture of making data-driven decisions.
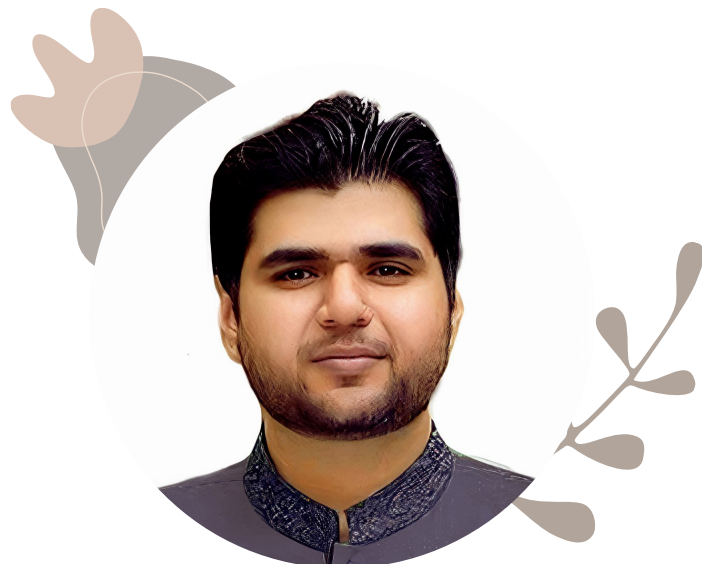

CONTRIBUTOR/AMBASSADOR

2021 / Present - Deepnote

Testing new features, bug reporting, marketing, and published 40 Data Science projects from data analytics to machine learning.

DATA SCIENTIST

2020 - Present | Freelancing/Kaggle

Engineered a healthcare system. Used machine learning to detect some of the common decisions. Participated in Kaggle data analytics competitions.

About Me

Data Scientist familiar with gathering, cleaning and organizing data for use by technical and non-technical personnel. Highly organized, motivated and diligent with significant background in machine learning and data analysis.

Skills

Tableau
Data Cleaning
Data Analysis
Data Viz
Dashboard
Webapps
SQL
Excel

Experience Work

TECHNICAL WRITER

2021/Present - TDS/AV/TAI

Writing blogs about AI technologies, data analytics and machine learning techniques.

FREELANCE RESEARCHER

2019/2020 - Fiverr/Upwork

Worked on business research Projects. Built IoT adoption models for developing countries market.

RESEARCHER / EVENT ORGANIZER

2017 - CREDIT

Marketing for newly build research lab. Organized technical events and successfully invited the multiple company's CEO for talks. Reduced the gap between industries and educational institutes.

Certification

2021   Data Scientist Professional Certificate

2021   Analyzing Data in Tableau

2020   Analyze Data with R

2020   Analyze Data with SQL

2020   Data Scientist with Python

2015   Registered Engineer

- github.com/kingabzpro

Projects

- **Goodreads Profile Analysis WebApp** (09/2021) Data Analysis Web Scraping XLM - 3 weeks
- **World Vaccine Update System** (06/2021) Used sqlite3 for database Automated system for daily update the Kaggle DB and Analysis - 2 month
- **Pakistan Vaccination Progress** (5/2021) Data Analysis using R on Pakistan's vaccination Progress. - 2week
- **Trip Advisor Data Analysis/ML** (04/2021) Preprocessing Data, Exploratory Data analysis, Word clouds. Feature Engineering, Text processing. Used BiLSTM Model for predicting rating, evaluation, model performance. - 2 month
- **Story of Gufhtugu Publications** (02/2021) Exploratory Data Analysis and Machine learning techniques were used to process the Online book market. - 4 weeks
- **University Degree Necessary in Data Science?** (01/2021) Exploratory data analysis on Kaggle's platform survey of 2020 - 3 weeks
- **PEC Tableau Dashboard** (5/2021) Designed dashboard out of simple engineer data set. -3 weeks
